SPECIFICATION SHEET

HD160-D

Heavy Duty Ride-on Industrial Sweeper

HIGH QUALITY SWEEPER

The high-quality, powder-coated steel construction provides superior strength and corrosion resistance for long-lasting, hassle free operation. With polyester filters and a 3-cylinder, water cooled engine, this versatile sweeper and concrete cleaning machine is ideal for covering large indoor and outdoor spaces such as carparks and warehousing or logistics depots. A self-levelling spring-loaded brush means you won't have to stop for manually adjustments, even when cleaning across different surfaces.

MONEY BACK 60 DAY GUARANTEE · FAST FLEXIBLE FLEET HIRE / RENT / HIRE-TO-BUY · ZERO ZDP DOWNTIME PROGRAM · PARTS & LABOUR 4 YEAR WARRANTY

CONQUEST

HD160-D

HD160 delivers the heavy-duty cleaning power you need to comfortably meet your toughest industrial floor cleaning challenges.

Technical Specifications

HD160-D			
Cleaning Width	1300mm sweep path withmain broom and one side broom	Variable speed	0-10Km/hr
Power Supply	3 cylinder, 25HP water cooled, Kubota engine	Machine Dimensions	2220 (L) x 1350 (W) x 1460 (H)mm
Waste Hopper Bin Capacity	300L with hydraulic high dump	Weight	1399kg
Filter Type	8m² green polyester filter		

Features & Benefits

1 DIRECT THROW SWEEPING SYSTEM

Pitches debris directly into the hopper for efficient dust and debris collection.

2 SELF-LEVELLING SPRING-LOADED BRUSH SYSTEM

Maintains consistent cleaning across multiple surfaces without manual brush adjustment.

3 ELECTRIC FILTER CLEANER

Simple switch activation automatically shakes dust from the filter into the waste hopper.

4 300L WASTE HOPPER WITH HYDRAULIC DUMP

Hydraulic lift height of 1400mm allows easy emptying and longer sweeping periods.

5 HYDRAULIC DIRECT DRIVE SYSTEM

Fewer moving parts reduce maintenance requirements and potential downtime.

6 HYDROSTATIC TRANSMISSION

Single foot pedal provides smooth forward and reverse control for easy operation.

7 POWER STEERING SYSTEM

Improves operator comfort and provides smooth, easy machine control.

8 8M² WATER-RESISTANT GREEN POLYESTER FILTER

Large filter surface area provides effective dust control and lasts up to five times longer than standard filters.
