Features & Benefits

1 STAINLESS STEEL SCRUB COMPONENTS

Scrub head, hopper, and fasteners are corrosion resistant for long service life in harsh environments.

2 LOW-NOISE OPERATION

Quiet scrubbing and drying performance allows operation even in noise-sensitive areas.

3 NON-MARKING URETHANE ROLLERS

Protect the scrub deck and motors while preventing floor damage and protecting surrounding property.

4 AUTOMATIC BATTERY CHARGER

Integrated charger stops automatically when the battery is fully charged, reducing the risk of battery damage.

5 MANAGER LOCK-OUT CONTROLS

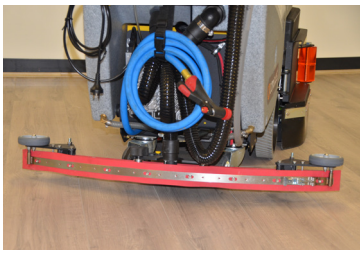
Prevents unauthorised changes to solution flow and brush pressure settings.

6 TILT-BACK TANK DESIGN

Provides quick access to internal drive and working components for easy maintenance.

7 BAFFLED RECOVERY TANK

Prevents foam and spray from entering the suction motor, protecting the vacuum system.



8 STAINLESS STEEL SQUEEGEE DESIGN

Durable squeegee components are easy to clean and resistant to water and chemicals.
