

COMPACT BATTERY POWERED GENIUS

HDS35

WALK-BEHIND POWER SCRUBBER

The HDS35 is out of the bottle and is eliminating manual cleaning systems.

The Conquest HDS35 walk-behind scrubbing machine saves time, increases productivity and produces a significantly better result than traditional manual cleaning methods.

With all the features of a large scrubber dryer the HDS35 removes the dirty water and leaving the floor dry and safe to walk on immediately after one pass. Hygiene levels are greatly increased, and safety issues are removed thanks to the HDS35 B. The 180° adjustable handle and the Conquest parabolic squeegee system ensures the HDS35 cleans and dries right into tight corners, and conveniently folds up neatly for compact storage.

THE CLEVER WAY TO CLEAN

FEATURES

- Particularly suitable for cleaning floors in cluttered areas where manual systems (mop and bucket) are still being used
- The operator can perform the cleaning operations easily, without effort or stress
- Increases operator productivity by 30% compared with manual cleaning systems
- Energy saving technology reduces energy consumption by up to 35%
- Washes and dries in a single pass. Immediately after cleaning, the floor is perfectly dry, presenting no risk of slipping
- A scrubbing machine that's really easy to move from one place to another due to its folding handle and dis-mountable tanks, even fitting into the back of a standard car
- On board battery charger makes it possible to keep the HDS35 charged up and ready to use no matter where you are

SPECIFICATIONS	HDS35
Cleaning Width	350mm scrub path
Solution/Recover Tank Capacity	8/10L
Noise Level	69dB
Brush Speed	20RPM
Brush Pressure	18Kg
Power Supply	12V
Battery Charger	Automatic battery charger
Weight	67kg
Machine Dimensions	682 (L) x 440 (W) x 1115 (H)mm
