

POWER IN AN EXTRA LARGE SIZE

# HDS75

## WALK-BEHIND POWER SCRUBBER

Combining high-performance components with the most advanced technology and clever design, the HDS75 has the power to excel in any environment.

Using two strong disc brushes the HDS75 power scrubber delivers constant pressure to easily remove even the most stubborn dirt, providing a clean consistent result across all hard floor applications.

The shape of the HDS75 inspires a sense of safety and control, with a sturdy outer polyethylene shell encompassing the heart of the machine. The aluminum brush head and squeegee offer durability and reliability over time as well as lightness, providing with better maneuverability and comfort.

THE CLEVER WAY TO CLEAN

## FEATURES

- Operating at less than 70 dB safeguarding the health of the operator and bystanders in the environment where it is used
- Clever energy saving system reduces energy consumption by up to 35%
- Boasting an impressive run time of up to 4 hours, vastly improving productivity
- Automatic on-board battery charger that conveniently charges the batteries wherever a power outlet is available
- Innovative water flow system ensures uniform cleaning results across the entire working width on the first pass, optimising detergent solution consumption
- State of the art technologies optimise the use of water, detergent and energy to protect the environment and reduce the cost of cleaning per sq.m
- Easy maintenance with parts to be cleaned after each use colour coded yellow
- Emergency stop button shuts down machine immediately

SPECIFICATIONS	HDS75
Cleaning Width	765mm scrub path
Solution/Recover Tank Capacity	74/85L
Suction Motor	24V/422W
Brush Speed	140RPM
Brush Pressure	34Kg
Power Supply	4x 6V 240Ah
Battery Charger	On-board battery charger
Weight	188kg
Machine Dimensions	1514 (L) x 885 (W) x 1093 (H)mm
