

COMPREHENSIVE & AFFORDABLE

# HDS85

## RIDE-ON POWER SCRUBBER

The unique, compact design of the Conquest HDS85 scrubbing machine increases maneuverability without compromising performance.

Equipped with the latest innovations, the Conquest HDS85 power scrubber dramatically reduces cleaning costs per square meter, with awesome benefits for end users. The low centre of gravity provides optimum stability while the reduced turning circle allows the HDS85 to easily turn around in corridors or supermarket aisles

Thanks to the very low acoustic pressure level this cleaning machine can be used in noise sensitive areas such as nursing homes, hospitals and public areas, without disturbing those around.

THE CLEVER WAY TO CLEAN

## FEATURES

- Quiet operation at an industry low 58Db, minimises the impact of noise disruption and no need for operator hearing protection
- START&STOP technology allows for up to 30% longer running time, resulting in 4 hours of non-stop operation
- Highly efficient work rate and extremely manouverable machine with large solution and recovery tanks allows for longer use between refills
- Featuring an automatic on-board battery charger that will terminate charging when battery is full, ensuring the battery is not damaged if left on charge
- Two scrubbing brushes ensures maximum pressure to be applied for removal of the most stubborn dirt and stains
- Up to 50% water and detergent saving, with even water flow to both brushes
- May be operated without detergents, subject to application reducing environmental impact and overall cleaning costs

SPECIFICATIONS	HDS85
Cleaning Width	850mm scrub path
Solution/Recover Tank Capacity	110/125L
Scrub Head Motor	2x 450W
Brush Speed	170RPM
Brush Pressure	30-60Kg
Power Supply	4x 6V, 245Ah deep cycle batteries
Battery Charger	On-board battery charger
Weight	343kg
Machine Dimensions	1485(L) x 679 (W) x 1320 (H)mm
