

COMPACT YET POWERFUL

SDS70

WALK-BEHIND POWER SCRUBBER

Tough, strong and reliable, the **SDS70** is a versatile, simple to operate and highly effective floor scrubbing machine.

This powerful orbital scrubber gives nothing away in terms of performance. The rapidly oscillating rectangular cleaning pad reaches right up to wall edges and all the way into corners, delivering powerful scrubbing that leaves nothing behind.

Featuring stainless steel components SDS70 is resistant to water and chemical corrosion making it the ideal machine for food grade or healthcare applications. Versatile in use, SDS70 can handle regular floor cleaning and strip aging floor surfaces without the need for harmful chemicals. Variable traction speed makes it effortless to deliver a thorough, consistent clean over a variety of surfaces and gradients.

FEATURES

- Specialist Edge technology allows for chemical free surface stripping
- Clever oscillating motion creates even and consistent results and saves up to 70% in water usage
- Rectangular pad allows cleaning into corners and right along square edges
- Superior stainless steel scrub head, hopper and fasteners are corrosion resistant, providing longevity in harsh applications
- Low scrubbing and drying noise levels suitable for operation around the clock even in sensitive areas
- Clever squeegee design featuring stainless steel components is easy to clean and resistant to water and chemicals
- Clever oscillating motion creates even and consistent results and saves up to 70% in water usage
- Baffled recovery tank prevents foam and spray from entering the suction motor
- A tilt-back tank enables instant access to all drive and working components

SPECIFICATIONS	SDS70E-0
Cleaning Width	710mm scrub path
Solution/Recover Tank Capacity	60/64L
Scrub Head Motor	1.0HP
Brush Speed	2000/2500RPM dual speed
Brush Pressure	79Kg
Power Supply	4x 24V, 210Ah deep cycle batteries
Battery Charger	On-board battery charger
Weight	306kg
Machine Dimensions	1320 (L) x 560 (W) x 1020 (H)mm
