

RELIABILITY AND EXCELLENCE

SDS70

WALK-BEHIND POWER SCRUBBER

Featuring corrosion resistant stainless steel scrub deck and hopper, SDS70 delivers powerful scrubbing results in the harshest environments.

Simple-to-operate yet strong and efficient, SDS70 is best suited to mid-sized areas that require frequent heavy-duty scrubbing.

Intuitive controls and minimal electrical componentry make the SDS70 one of the most reliable and efficient machines in its class.

FEATURES

- Superior stainless steel scrub head, hopper and fasteners are corrosion resistant, providing longevity in harsh applications
- Low scrubbing and drying noise levels suitable for operation around the clock even in sensitive areas
- Clever squeegee design featuring stainless steel components is easy to clean and resistant to water and chemicals
- Non-marking urethane rollers limit the risk of damage to the scrub deck and motors, whilst protecting walls and property
- Automatic battery charger terminates when battery is fully charged, reducing the risk of battery damage
- Baffled recovery tank prevents foam and spray from entering the suction motor
- Manager lock outs prevent troublesome changes to solution flows and brush pressure by unauthorised staff
- A tilt-back tank enables instant access to all drive and working components

| SPECIFICATIONS | SDS70E-D | SDS70E-C |
|------------------------|----------------------------------|----------------------------------|
| Cleaning Width | 710mm scrub path | 735mm scrub path |
| Solution Tank Capacity | 80L | 80L |
| Recovery Tank Capacity | 87L | 87L |
| Scrub Head Motor | 2 x 559W | 2 x 746W |
| Brush Speed | 350RPM | 750RPM |
| Brush Pressure | 0 – 80Kg | 0 – 80Kg |
| Power Supply | 4 x 6V, 245Ah deep cycle battery | 4 x 6V, 245Ah deep cycle battery |
| Battery Charger | On-board charger | On-board charger |
| Weight | 306Kg | 306Kg |
