

# HDS50 Daily Checklists

(Guide only)

1. Operator has read and understood operator and maintenance manual.
2. Check area the scrubber is to be used in is in accord with "Permissible conditions of use" (Free from debris, large slopes and other dangers, sweep before you scrub).
3. **Visually check over sweeper:** 
  - Batteries are charged and fluid levels are right
  - Vacuum squeegee and pipes are clean
  - Controls
  - Recovery tank
  - Wheels
4. Empty recovery tank after every use via discharge hose.
5. Fill solution tank with clean water and chemical as required.
6. Turn key to start and check all safety lights are operating correctly.
7. Use machine in accord with operator and maintenance manual.
8. Wash out recovery tank after every use.
9. Ensure all controls are back in off position.
10. Place machine back on charge if necessary.
11. Park machine in a safe place.
