

GAME CHANGING TECHNOLOGY

MMG PLUS

RIDE-ON POWER SCRUBBER

The MMG Plus brings with it industry-changing technology. With a full set of safety features and laden with smart technology, the MMG Plus shines new light on floor scrubbing.

Built-in collision avoidance system reduces the chance of incidents, while the full-colour rear view camera allows full visibility of the cleaning path behind. LED lights illuminate the brush deck, squeegee and under-machine areas for ease of maintenance in low-light environments.

The full-colour rear view camera provides full visibility of the cleaning path behind. Pre-defined zone-program settings used for each cleaning area, combined with the most advanced floor scrubber technologies on today's market, takes cleaning efficiency to the next level.

THE CLEVER WAY TO CLEAN

FEATURES

- Full colour display featuring onboard operator video tutorials plus full fingertip control of all functions from one easy to use screen
- Reverse Camera displays on the full colour screen, providing a clear view behind the machine in when reversing and forward manoeuvring
- Collision protection that sounds an audible warning if the machine is reversing too close to an object
- Simple to use Zone Control, increasing productivity while reducing water and chemical usage
- An efficient Solution Recycling system that minimises solution output through reuse and increases cleaning capacity by 50%
- Ergonomic design providing unmatched operator comfort
- Impressive LED under-body lighting to illuminate areas which may require operator inspection and improve visibility
- Front and rear LED lights providing light in low lit areas and as a warning for pedestrians

SPECIFICATIONS	MMG PLUS
Cleaning Width	750mm scrub path
Solution/Recover Tank Capacity	110L
Suction Motor	24V
Brush Speed	150RPM
Brush Pressure	35-100Kg
Power Supply	24V
Battery Charger	Automatic battery charger
Weight	408kg
Machine Dimensions	1242 (L) x 881 (W) x 1595 (H)mm
