

MANOEUVRABLE AND EFFICIENT

PB55

WALK-BEHIND POWER SWEEPER

PB55 power sweeper delivers unrivalled sweeping ability in a compact and sturdy design.

PB55's robust construction and quiet performance make it perfect for small indoor and outdoor areas. The 680mm-wide sweeping path uses a main broom and one side broom to clean quickly and reliably.

A direct throw sweeping system ensures a dust-free clean every time, so you can get the job done in less time, with less effort. The 36-litre waste hopper allows for longer use before emptying, and is powder coated to prevent cracking or warping.

FEATURES

- The direct throw sweeping system pitches debris directly into the hopper
- Rugged, powder coated steel construction, making this machine corrosive resistant and built to last
- 2m² horizontally installed panel filter allows dust to fall naturally out of filter during shaking
- Manual filter shaker, reduces the need to remove filters for cleaning
- Easily adjustable main broom suitable for every floor condition
- 36L powder coated steel waste hopper, larger size allowing for longer use before emptying and resists cracking and warping
- Complete with traction drive to increase productivity and reduce operator fatigue
- Adjustable handle bar suited to jobs where multiple operators may use a single machine comfortably

SPECIFICATIONS	PB55ET	PB55SH
Cleaning Width	680mm sweep path with main broom and one side broom	680mm sweep path with main broom and one side broom
Theoretical Cleaning Capacity	2,700m ² per hour (max. speed)	2,700m ² per hour
Power Supply	12V, 150Ah deep cycle battery	4 HP Honda Engine, Recoil Start
Waste Hopper Bin Capacity	36L	36L
Filter Type	2m ² panel filter	2m ² panel filter
Machine Dimensions	1340 (L) x 680 (W) x 980 (H)mm	1340 (L) x 680 (W) x 980 (H)mm
Weight	135kg	96kg
