

HD115-LPG

Heavy Duty Ride-On Industrial Sweeper

CONSISTENT, POWERFUL SWEEP

The sturdy, powder-coated steel construction and compact scale promotes outstanding strength and manoeuvrability. HD115 delivers consistent results with low maintenance costs thanks to the reliable hydraulic system, reducing the lifetime cost of ownership.

With your choice of Diesel (D), Petrol (B), Battery (E) or Gas (LPG) powered models, this is the industrial cleaning machine you've been waiting for to solve your large area floor cleaning challenges.

HD115-LPG

HD115 power sweeper packs advanced features into a convenient and effective ride-on floor cleaning machine.

Technical Specifications

HD115-LPG

Cleaning Width	1050mm sweep path with main broom and one side broom	Variable speed	0-7Km/hr
Power Supply	11 HP GX Honda engine with LPG conversion	Machine Dimensions	1820 (L) x 1080 (W) x 1360 (H)mm
Waste Hopper Bin Capacity	180L with hydraulic high dump	Weight	605kg
Filter Type	6m ² polyester filter		

Features & Benefits

1 DIRECT-THROW SWEEPING SYSTEM

Pitches debris directly into the hopper for efficient collection.

2 SOLID TYRES

Durable solid tyres prevent punctures and reduce ongoing maintenance.

3 HYDRAULIC DIRECT DRIVE

Fewer moving parts reduce maintenance requirements and potential downtime.

4 SELF-LEVELLING, SPRING-LOADED BRUSH

Maintains consistent cleaning across multiple surfaces without manual brush adjustment.

5 ELECTRIC FILTER CLEANER

Simple switch activation automatically shakes dust from the filter into the waste hopper.

6 HYDROSTATIC TRANSMISSION

Single foot pedal provides smooth forward and reverse control for easy operation.

7 180L WASTE HOPPER WITH HYDRAULIC DUMP

Hydraulic lift height of 1320mm allows easy emptying and longer sweeping periods.

8 6 M² WASHABLE POLYESTER FILTER

Durable filter design provides effective dust control and lasts up to five times longer than standard filters.
