

HD160-E

Heavy Duty Ride-on Industrial Sweeper

QUIET & ZERO-EMISSION

With quiet 75.5dB operation, the HD160 delivers discreet yet effective cleaning. Its large battery compartment houses a 360Ah battery pack, while the AC traction motor provides up to 50% longer run time compared to traditional battery sweepers. Featuring a 300L waste hopper and direct throw sweeping system, the HD160 ensures efficient debris collection. A 1300mm sweeping path, expandable to 1550mm with an optional second side broom, allows operators to clean large areas quickly and efficiently.

HD160-E

The HD160 industrial sweeper is the perfect choice for effective floor cleaning in sensitive or tightly regulated environments.

Technical Specifications

HD160-E			
Cleaning Width	1350mm sweep path with main broom and one side broom	Variable speed	0-5Km/hr
Power Supply	36V, 360Ah traction pack battery	Machine Dimensions	2220 (L) x 1350 (W) x 1460 (H)mm
Waste Hopper Bin Capacity	300L with hydraulic high dump	Weight	1300kg
Filter Type	8m ² green polyester filter		

Features & Benefits

① AC TRACTION PACK BATTERY SYSTEM

Advanced battery technology reduces noise while increasing run time by up to 50% compared to traditional sweepers.

② DIRECT THROW SWEEPING SYSTEM

Pitches debris directly into the hopper for efficient dust and debris collection.

③ SELF-LEVELLING SPRING-LOADED BRUSH SYSTEM

Maintains consistent cleaning across multiple surfaces without manual brush adjustment.

④ ELECTRIC FILTER CLEANER

Simple switch activation automatically shakes dust from the filter into the waste hopper.

⑤ 300L WASTE HOPPER WITH HYDRAULIC DUMP

Hydraulic lift height of 1400mm allows easy emptying and longer sweeping periods.

⑥ HYDRAULIC DIRECT DRIVE SYSTEM

Fewer moving parts reduce maintenance requirements and potential downtime.

⑦ POWER STEERING SYSTEM

Improves operator comfort and provides smooth, easy machine control.

⑧ 8M² WATER-RESISTANT GREEN POLYESTER FILTER

Large filter surface area provides effective dust control and lasts up to five times longer than standard filters.
