

HD200-D

Heavy Duty Ride-on Industrial Sweeper

SIZE DOES MATTER

HD200 uses a unique 4-wheel drive system, which not only offers a safer ride, but also a more reliable one. Operators enjoy smooth performance free from shocks and bumps. Boasting a large 600 litre waste hopper and powder coated steel frame, the HD200 clears dust and debris from even the largest and toughest environments. Available in either Gas (LPG) or Diesel (D) configurations, the HD200 floor sweeper will tackle even your most difficult floor cleaning challenge.

HD200-D

The largest and most powerful ride-on industrial floor sweeper in its class, delivering a thorough clean time after time.

Technical Specifications

HD200-D

Cleaning Width	1680mm sweep path with main broom and one side broom	Variable speed	0-14Km/hr
Engine	4 cylinder, 36 HP water cooled Kubota diesel engine with Cyclone pre-filter and Donaldson air cleaner	Machine Dimensions	2450 (L) x 1760 (W) x 1665 (H)mm
Waste Hopper Bin Capacity	600L with hydraulic high dump	Weight	1530kg
Filter Type	13m ² green polyester filter		

Features & Benefits

① DIRECT THROW SWEEPING SYSTEM

Pitches debris directly into the hopper for efficient collection.

② 13M² WATER-RESISTANT GREEN POLYESTER FILTER

Long-lasting filter performance with up to five times longer life than standard filters.

③ SELF-LEVELLING SPRING-LOADED BRUSH SYSTEM

Cleans across multiple surfaces without stopping to manually adjust brushes.

④ HYDRAULIC DIRECT DRIVE SYSTEM

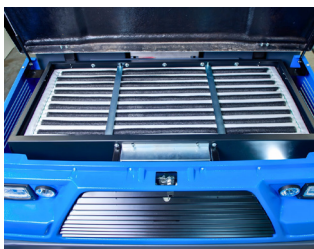

Fewer moving parts reduce maintenance requirements and potential downtime.

⑤ STAINLESS STEEL WASTE HOPPER FLAP

Prevents corrosion and improves durability in harsh operating conditions.

⑥ UNIQUE FOUR-WHEEL DESIGN

Rear wheel driving and steering improves stability, safety, and operator comfort.

⑦ ELECTRIC FILTER CLEANER (ONE-TOUCH ACTIVATION)

Automatically shakes dust from the filter into the waste hopper for improved filtration efficiency.

⑧ 600L WASTE HOPPER WITH 1550MM HYDRAULIC DUMP HEIGHT

Larger hopper capacity and high-tip dumping allow longer sweeping periods.
