

HDS55E-D

Heavy Duty Walk-Behind Industrial Scrubber

MAXIMUM RESULTS, MINIMUM NOISE

Versatile and efficient, the HDS55 achieves maximum results on both smooth and textured floor surfaces. With its highly effective scrubbing action the HDS55 has the ability to clean without detergents – great for reducing both your cleaning costs and impact on the environment. Featuring quiet operation – an industry low 58Db – the powerful vacuum motor also dries floors in a single pass, so there's no risk of slips on the newly cleaned floor. Perfect for indoor floor scrubbing over medium sized areas, the HDS55 delivers on all fronts, giving you, the future of floor scrubbing today.

HDS55E-D

Sleek, smart and strong, the HDS55 features innovative design, advanced technology and powerful scrubbing action to make swift work of the toughest cleaning challenges.

Technical Specifications

HDS55E-D			
Cleaning Width	550mm scrub path	Power Supply	2x 12V deep cycle batteries
Solution/Recovery Tank	60/65L	Battery Charger	On-board battery charger
Scrub Head Motor	500W	Machine Dimensions	1295 (L) x 530 (W) x 1095 (H)mm
Brush Speed	140RPM	Weight	141kg
Brush Pressure	40Kg		

Features & Benefits

1 ULTRA-QUIET OPERATION

Operates at an industry-low 58 dB, minimising noise disruption and removing the need for operator hearing protection.

2 POLYPROPYLENE SCRUB BRUSH & PAD HOLDER

Provides effective cleaning performance across different floor surfaces.

3 WATER SOLUTION CONTROL SYSTEM

Instrument panel controls minimise water and detergent usage.

4 DETERGENT-FREE CLEANING OPTION

Can operate without detergents depending on application, reducing environmental impact and cleaning costs.

5 AUTOMATIC PARKING BRAKE

Engages automatically when the trigger is released for improved safety.

6 VARIABLE SPEED TRACTION DRIVE

Provides smooth and consistent machine movement during operation.

7 ON-BOARD AUTOMATIC BATTERY CHARGER

Conveniently charges the batteries wherever a power outlet is available.
