

HDS75

Heavy Duty Walk-Behind Industrial Scrubber

POWER IN AN EXTRA LARGE SIZE

Using two strong disc brushes the HDS75 power scrubber delivers constant pressure to easily remove even the most stubborn dirt, providing a clean consistent result across all hard floor applications. The shape of the HDS75 inspires a sense of safety and control, with a sturdy outer polyethylene shell encompassing the heart of the machine. The aluminum brush head and squeegee offer durability and reliability over time as well as lightness, providing with better maneuverability and comfort.

HDS75

Combining high performance components with the most advanced technology and clever design, the HDS75 has the power to excel in any environment.

Technical Specifications

HDS75			
Cleaning Width	750mm scrub path	Power Supply	4x 6V 240Ah
Solution/Recovery Tank	74/85L	Battery Charger	On-board battery charger
Scrub Head Motor	24V/422W	Machine Dimensions	188kg
Brush Speed	140RPM	Weight	1514 (L) x 885 (W) x 1093 (H)mm
Brush Pressure	34Kg		

Features & Benefits

1 LOW-NOISE OPERATION

Operates at less than 70 dB, protecting operators and bystanders in noise-sensitive environments.

2 ENERGY-SAVING SYSTEM

Reduces energy consumption by up to 35%, improving efficiency and lowering operating costs.

3 NON-MARKING URETHANE ROLLERS

Protect the scrub deck and motors while preventing floor damage and protecting surrounding property.

4 ADVANCED WATER FLOW SYSTEM

Ensures uniform cleaning results across the entire working width while optimising detergent usage.

5 ECO-EFFICIENT CLEANING TECHNOLOGY

Optimises the use of water, detergent, and energy to reduce environmental impact and cleaning costs.

6 EMERGENCY STOP BUTTON

Red safety button immediately shuts down the machine when pressed.

7 ON-BOARD AUTOMATIC BATTERY CHARGER

Conveniently charges the batteries wherever a power outlet is available.
