

HDS90

Heavy Duty Ride-On Industrial Scrubber

LATEST EVOLUTION IN SCRUBBING

Featuring large capacity tanks and a powerful 3 -stage vacuum motor, the HDS90 accommodates increased run time and leaves floor surfaces dry every time.

Conquest HDS90 is the ultimate in commercial cleaning equipment, ensuring operators work smarter not harder. Ideal for large commercial facilities such as shopping centres, industrial warehouses, conference facilities and airports.

HDS90

The innovative Conquest HDS90 is equipped with the latest evolution in ride-on scrubbing technology and safety features.

Technical Specifications

HDS90			
Cleaning Width	900mm scrub path	Power Supply	36V Heavy duty traction battery
Solution/Recover Tank Capacity	190/200L	Battery Charger	Automatic battery charger
Scrub Head Motor	750W	Machine Dimensions	1894 (L) x 1100 (W) x 1359 (H)mm
Brush Speed	180RPM	Weight	866k
Brush Pressure	45-150Kg		

Features & Benefits

1 HIGH-PERFORMANCE 3-STAGE VACUUM MOTOR

Delivers powerful suction to ensure floors are left dry and clean after every pass.

2 FULLY ENCLOSED POLYETHYLENE DESIGN

Clever polyethylene construction protects internal components, including the squeegee, brush deck and hoses, enhancing durability and longevity.

3 LARGE CAPACITY SOLUTION & RECOVERY TANKS

Extended runtime between refills and emptying reduces downtime and improves productivity.

4 AUTOMATIC PARK BRAKE SYSTEM

Engages instantly when the accelerator is released, stopping the machine immediately — ideal for safe operation on slopes.

5 HEAVY-DUTY ALUMINIUM CHASSIS

Robust aluminium frame provides strength, reliability and long service life in demanding environments.

6 LOW FLOOR-HEIGHT DESIGN

Provides easy side access for operator comfort while reducing strain during entry and exit.

7 INTEGRATED SPRAY GUN & VACUUM WAND

Allows manual cleaning in tight, enclosed or hard-to-reach areas for greater flexibility.

8 LED LIGHTING SYSTEM

Front LED lights illuminate the cleaning path, supporting operation in low-light environments.
